TESTIMONIALS.

State Assayer's Office, 20 State Street, Boston.

D. J. Demeritt, Esq. Sir: I have analyzed the Catarrh Remedy received from you, and am familiar with the formula by which it is made. It is free from corrosive or deleterious ingredients; and, while it contains nine valuable medicinal agents, may still be freely used without injury as directed by you.

Respectfully, S. DANA HAYES, *State Assayer of Mass.*

West Newfield, York Co., Me., June 11, 1867.

I certify that I have been personally acquainted with Mr. D. J. Demeritt, of this town, for many years, and, to the best of my knowledge, he sustains a reputations above reproach. I have known him in feeble health, and greatly emaciated from chronic Catarrh, and that he has applied to physicians near and remote, of high professional reputation, but their prescriptions proved unavailing. He professes to have discovered a remedy which has entirely cured him, and the truth of which I have no reason to doubt.

SAMUEL C. ADAMS, Justice of the Peace in and throughout the State of Maine.

Cambridge Port, Mass., June 26, 1867.

D. J. Demeritt. Dear Sir: This to certify that I have been afflicted with that loathsome disease, Catarrh, in its worst forms, for nine years. I cannot hardly describe what I have suffered with my head during that time, with a ringing, noise in my ears, and a dizziness, tightness, and oppressed feelings constantly in my head; it also affected my eyesight and hearing greatly, and was a source of constant trouble to me. I used many kinds of remedies, but did not receive any lasting benefit until I tried your North American Catarrh Remedy. I can truly say that I received more relief by one application than all others that I ever used. Less than one package has entirely cured me: there is a change in my entire system; I feel like a new man. I heartily recommend it to all who may be afflicted with Catarrh.

DANIEL STONE, Proprietor Union House.

Charlestown, Mass., 1867.

D. J. Demeritt. Dear Sir: I cannot refrain from an expression of the greatest gratitude to you; indeed I have no language to express the great benefit I have received from your North American Catarrh Remedy. For ten years I was afflicted with chronic Catarrh, gradually growing worse, until I had almost become a burden to myself and those around me; my sense of smell had almost left me; my hearing was greatly impaired; my forehead always in constant pain; with a hacking cough; others would tell me it was consumption; in fact my whole system had become so much impaired, that I had, after using almost every remedy I could hear of, given up all hopes of ever being cured. I was induced by a friend to try your remedy; I have used not quite one package, and to my astonishment I am entirely cured. I say to those afflicted with Catarrh, try it, and you will be cured of that annoying disease.

D. J. Demeritt. —Dear Sir: After ten years' sore affliction with catarrh, neuralgia, and Asthma, I used two packages of your Catarrh Remedy, which has effected a complete cure.

C. K. JACKMAN, No. 8 Suffolk Street, Lynn, Mass.

Boston, June 19, 1868.

Messrs. D. J. Demeritt & Co.—Gents: For the last fifteen years I was afflicted with Chronic Catarrh. I have used many Catarrh remedies but obtained no help until I tried your North American Catarrh Remedy. When I commenced using it I had nearly lost my voice; less than two packages completely restored it to me again, as can be vouched for by the many who knew me, the remedy having the desired effect. I would say to all who are troubled with this disease, try the North American Catarrh Remedy, and you will be satisfied with the result.

Boston, June 27, 1867.

D. J. Demeritt. —Dear Sir: I have tested your Catarrh Remedy, and given some to my friends. I can highly recommend it in my case as well as two other cases that I am knowing to. I believe if used according to directions it will cure Catarrh in its worst forms.

H. B. ROBERTS, 3 Fulton Street.

Boston, June 26, 1867.

D. J. Demeritt. —Dear Sir: Having used your North American Catarrh Remedy, I am free to state that it has done for me what it was designed to accomplish. I regard it as the very best preparation for Catarrh now in use. I cheerfully recommend it to all who are troubled with that most annoying and disagreeable disease.
